Love Is...

Love is not what makes the world go round.
Love is what goes around the world.

Love is not what breaks a heart.
Love is what mends a broken heart.

Love is not what keeps the head spinning.

Love is deep like a song without singing.

Love is not for a certain age.
Love is for all. It sets the stage.

For a life on earth, love is a gift.

It comes from above,
From the God who made us...
The God of love.
